Pyae Phone Naing

👤 Profile

I am a good listener, fast-learner and able to communicate well with a group. I have a strong optimistic mind and always try to stay productive. I'm always seek to achieve a high standard in whatever work I undertake. And lastly, I'm always take my responsibilities on time and try to build my profile better.

💼 Employment History

I have some experiences with HTML, CSS, Bootstrap, JavaScript and Jquery project. My portfolio below this paragraph is one of my on-going project. Using JavaScript function on nav-links makes me know more about JavaScript. Vacation Destination wishlist project in the project session makes me know more about how to organize coding clearly. And I'm using a little-concept about JQuery to make a To-Do-List project in the project session.
